DYMO Label v.8.5.3
Read Me — 23 November 2015

This document contains important information that is not included in any other DYMO Label documentation. It highlights changes in system requirements, new features, and known problems. Please read this document carefully!

NEW IN THIS RELEASE

This release includes:

- Support for Microsoft Windows 10
- Support for Microsoft Office 2016
- DYMO Label Web Service is installed for use by the DYMO Label Framework.

Developers Note: DYMO has a Software Developer's Kit (SDK) for all supported printers. See www.dymo.com for more information.

SYSTEM REQUIREMENTS

Operating System Support
Windows 7 (32-bit or 64-bit)
Windows 8 (32-bit or 64-bit)
Windows 8.1 (32-bit or 64-bit)
Windows 10 (32-bit or 64-bit)

INSTALLATION

Administrator Rights
You must install DYMO Label software from a user account with Administrator rights. However, you can use the software while logged in to an account with Limited rights.

LabelManager 420P
LabelManager PCII
LabelManager 450
LabelManager 450D
LabelPoint 350

Earlier LabelWriter printer models are **NOT** supported by this version of DYMO Label software.

Add-in Support
DYMO Label v.8 includes add-ins for:
- Microsoft Office 2010, 2013, and 2016 - Word, Excel, and Outlook
- QuickBooks 2012, 2013, and 2014 (US Only)
- Act! 2011, 2012, and ~~2012,~~ v16 (English Only)

FOR DYMO LABEL SOFTWARE VERSION 7 USERS

Compatibility between DYMO Label Software Version 7 and DYMO Label v.8
You can install DYMO Label v.8 if you have Version 7 installed. You can use both versions simultaneously with no problems.
The following changes are made during the DYMO Label v.8 installation:
- Microsoft Office, QuickBooks, and ACT! Add-Ins for Version 7 are uninstalled and replaced with the DYMO Label v.8 Add-Ins.
- Version 7 printer drivers are updated to the DYMO Label v.8 drivers.

Importing DYMO Label Software Version 7 Settings
DYMO Label v.8 has a First Run wizard that can import your Version 7 preferences and Address Book. Your Label File Folder settings are imported as a part of this process. When you open label files in DYMO Label version 8, the File Open dialog box points to your default Version 7 label files folder.

DYMO Label Software Version 7 Label File Compatibility
DYMO Label v.8 can import Version 7 (.lwl) labels. DYMO Label v.8 cannot open Version 7 tape label (.D1L) files.

KNOWN ISSUES

Installing the QuickBooks Add-in on Windows 7 (US Only)
After installing DYMO Label software, you must log in as Administrator and run QuickBooks at least once for the Add-in button to appear in the toolbar. You can then run QuickBooks in normal mode and the add-in button will be visible.
